Medical Question on Application

Answer ALL questions completely, as directed.

For Open Enrollment or 63-Day Guaranteed Issue, DO NOT answer health/medical Questions or provide the applicants Height and Weight.

Provide complete details for any "Yes" answer, where directed.

List any and all prescriptions medications the proposed insured is taking or has been told to take. If no medications are being taken or have been prescribed, write "None"; do not use N/A. (If additional space is needed for details or to list prescriptions drugs, use the additional sheet provided in the application package.)

Note: Answering 'NO' to all of the medical questions on the application does not guarantee acceptance. The Underwriter reviews the applicant's entire medical history when making their decision.

Requested issue date should be at least 30 days after the date the application is submitted to allow sufficient time to underwrite the applicant.

The underwriting decision will be accepted/rejected based on the answers to the medical questions on the application. Telephone Interviews are done on a random basis and will be ordered by the Home Office.
