With our Medicare supplement insurance, peace of mind is part of the plan

Only the luckiest of us get to age without ever worrying about our health, medical costs, and the stress of managing it all. No one knows what the future holds. Preparing for life on a fixed income can be challenging, much less trying to predict and budget for your future health care needs.

It's important to know that Original Medicare doesn't pay for everything. With Original Medicare, there is no out-of-pocket maximum for deductibles, copays, and coinsurance. If you need health care, those costs can add up quickly. Medicare supplement insurance helps cover the costs Original Medicare leaves behind.

Our Medicare supplement insurance plans:

- **Work with Medicare**—If Medicare pays for a service, we cover it.
- **Are guaranteed renewable**—Keep your policy for life, as long as premiums are paid.
- **Have no networks**—You're free to see any provider, anywhere in the U.S., that accepts Medicare.
- **Offer live, U.S.-based customer support**—You'll speak with a friendly, knowledgeable, licensed representative who is trained to help get you the answers you need.

When you purchase one of our Medicare supplement insurance plans, it doesn't mean you'll never face challenges or hard times. Instead, it means you'll have more peace of mind when those times come. We've been serving seniors for more than 60 years, and we'll be there for you, too.

Opportunities for connection

It's important to maintain social connections, especially as we age. We offer our Medicare supplement insurance customers options for connecting with us and each other. Our groups and programs educate, inform, and foster a sense of connection and well-being.

WPS Medicare Solutions Group on Facebook

Our private Facebook group offers ways for seniors to connect with each other, learn more about Medicare options, and find tips for healthy living.

Members can also explore helpful tools like enrollment checklists and “how-to” videos. We curate all the content ourselves and don't allow any sales pitches or spam posts.

This group is open to anyone approaching or at Medicare age. **You don't need to be a current customer to join.** To find the group, search “WPS Medicare Solutions” on Facebook and click the “Join group” button.

Pen Pal Program

Writing letters can be a fun way to maintain relationships and create new social connections. Sharing stories and receiving mail from someone who cares about you can add joy to your life. Besides, who doesn't enjoy receiving a letter or card in the mail?

The Pen Pal Program is another special perk available to our Medicare supplement insurance customers. We connect customers who express interest in the program to one of our employees they can correspond with. We send new pen pals a welcome kit to help them get started. Then, participants get to know their pen pal at their own pace.

Limitations and exclusions

No insurance policy covers everything. Here's a list of things our Medicare supplements do not cover:

- A. Expenses you incur while your policy is not in force, except as provided in the EXTENSION OF BENEFITS SECTION of the Medicare supplement policy.
- B. That portion of any expense you incur which is paid for by Medicare.
- C. Non-Medicare-eligible expenses, including, but not limited to, routine exams, take-home drugs, and eye refractions.
- D. Services for which a charge is not normally made in the absence of insurance.

Notes

Additional notations

- Rates shown are illustrative only;
- Please do not send money to us in response to this advertisement;
- You cannot obtain coverage under a WPS Health Insurance Medicare supplement insurance plan until you have completed an application for coverage; and
- As noted above, there are benefit exclusions and limitations that may apply to the WPS Health Insurance Medicare supplement insurance plans.
- Coverage under our Medicare supplement plans is not effective unless, and/or until, you are enrolled in Medicare Part B.

Open enrollment and creditable coverage

There is an open enrollment period for Medicare supplement plans that is a six-month period during which you may buy any Medicare supplement plan offered in Texas. During this time, we must sell you a policy, even if you have health problems. The open enrollment period is a six-month period that begins on the first day of the month in which you are 65 or older and enrolled in Medicare Part B. If you are on Medicare under age 65, you will have a six-month open enrollment period beginning the month you turn age 65. If you have any questions or would like additional information, please contact us at 1-800-236-8809.

Although we must sell you a policy during your open enrollment period, we may require a waiting period of up to six months before covering your pre-existing conditions. You are not covered for pre-existing conditions until after a six-month waiting period. However, you will not have a waiting period if on the day preceding your effective date under one of our Medicare supplement policies you had continuous creditable coverage of at least six months. If your continuous period of creditable coverage was less than six months, we will shorten the six-month waiting period by the time served under the prior coverage.

If you lost or are losing other health insurance coverage and received notice from your prior insurer saying you were eligible for guaranteed issue of a Medicare supplement policy or that you had certain rights to buy such a policy, you may be eligible for guaranteed acceptance in one of our Medicare supplement plans. There are other scenarios that you may qualify for guaranteed acceptance. You may find a full list of qualifying scenarios in *Choosing a Medigap Policy: A Guide to Health Insurance for People with Medicare*, available at medicare.gov if you did not receive a copy with this book. If you have any questions whether you qualify for guaranteed acceptance into a Medicare supplement plan, please contact us or speak with your agent.

Preexisting conditions limitation

You are not covered for preexisting conditions until after a six-month waiting period. A preexisting condition is a condition for which: (1) medical advice was given from a physician within six months prior to your effective date; or (2) treatment was recommended or received from a physician within six months prior to your effective date.

However, you will not have a waiting period for preexisting conditions if on the day preceding your effective date under this policy, you had a continuous period of creditable coverage of at least six months. If your continuous period of creditable coverage was less than six months, we will shorten the six-month waiting period by the time served under the prior coverage.

Suspension of benefits and premiums

Benefits and premiums under the policy may be suspended for up to 24 months if you become entitled to benefits under Medicaid. You must request that your policy be suspended within 90 days of becoming entitled to Medicaid. If you lose, or are no longer entitled to, benefits from Medicaid, your policy can be reinstated if you request reinstatement within 90 days of the loss of such benefits and pay the required premium.

Right to return policy

If you purchase a WPS Health Insurance Medicare supplement insurance plan and find that you are not satisfied with your plan, you may return it to us at: WPS, P.O. Box 8190, Madison, WI 53708-8190. If you send the policy back to us within 30 days after you receive it, we will treat the policy as if it had never been issued and return all of your payments.

Vision and hearing programs for a healthy edge

Being able to see and hear well can help make it easier to enjoy your favorite activities and time with your favorite people. We offer programs that can help make hearing and vision care more affordable. The Hearing Care Solutions and EyeMed programs are available to all our Medicare supplement insurance customers.¹

¹Vision and hearing programs are not insurance, are not part of the insurance policy, and can be changed or discontinued at any time. Vision program is administered by EyeMed Vision Care, LLC. Hearing program is administered by Hearing Care Solutions, Inc.

Hearing Care Solutions makes better hearing affordable

Available to all our Medicare supplement customers, the Hearing Care Solutions program offers fixed prices for hearing aids. Plus, you're eligible for:

- » Free comprehensive hearing exam
- » Free hearing aid evaluation and fitting
- » Three-year manufacturer's warranty including loss, damage, and repair
- » Three-year supply of batteries (up to 64 cells per aid, per year)
- » One year of follow-up care at no charge
- » A 60-day evaluation period for your hearing aid
- » 12-month interest-free financing (to those who qualify)

Examples of how you can save
