## HOUSEHOLD PREMIUM DISCOUNT INFORMATION

**In order to be eligible for the household discount under a Aetna Health and Life Insurance Company Medicare supplement plan, you must apply for a Medicare supplement plan at the same time as another Medicare eligible adult or the other Medicare eligible adult must currently be covered by a Aetna Health and Life Insurance Company Medicare Supplement policy. The Medicare eligible adult must be either: (a) your spouse; (b) someone with whom you are in a civil union partnership; or (c) someone with whom you have continuously resided for the past 12 months. The household discount will only be applicable if a policy for each applicant is issued. The discounted rates will be 7 percent lower than the individual rates and will apply as long as both policies remain in force.**

### PAYMENT MODES

Each payment mode, other than annual and monthly electronic funds transfer, results in higher total yearly premium costs. Reasons for higher costs include added collection and administrative costs, time value of money considerations and lapse rates. The annual and monthly electronic funds transfer modes have the same and lowest total yearly premium costs. As a result, there is a time value of money advantage to you for paying monthly versus annually. However, there may be other advantages to you for choosing an annual payment based on your preferences. Your agent can explain the differences in modes and help you decide which is best for you. You may change your payment mode, among the modes available, during the life of your policy.

## 7. Important statements

---

1. You do not need more than one Medicare Supplement policy.
2. If you purchase this policy, you may want to evaluate your existing health coverage and decide if you need multiple coverages.
3. You may be eligible for benefits under Medicaid and may not need a Medicare Supplement policy.
4. If, after purchasing this policy, you become eligible for Medicaid, the benefits and premiums under your Medicare Supplement policy can be suspended, if requested, during your entitlement to benefits under Medicaid for 24 months. You must request this suspension within 90 days of becoming eligible for Medicaid. If you are no longer entitled to Medicaid, your suspended Medicare Supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstituted if requested within 90 days of losing Medicaid eligibility. If the Medicare Supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstituted policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.
5. If you are eligible for, and have enrolled in a Medicare Supplement policy by reason of disability and you later become covered by an employer or union-based group health plan, the benefits and premiums under your Medicare Supplement policy can be suspended, if requested, while you are covered under the employer or union-based group health plan. If you suspend your Medicare Supplement policy under these circumstances, and later lose your employer or union-based group health plan, your suspended Medicare Supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstituted if requested within 90 days of losing your employer or union-based group health plan. If the Medicare Supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstituted policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of suspension.
6. Counseling services may be available in your state to provide advice concerning your purchase of Medicare Supplement insurance and concerning medical assistance through the state Medicaid program, including benefits as a Qualified Medicare Beneficiary (QMB) and a Specified Low-Income Medicare Beneficiary (SLMB).

## 8. Privacy notice

---

Although your application is our initial source of information, we may collect information, including health history and medical records, from persons other than you and we may conduct a telephone interview with you. Aetna Health and Life Insurance Company, its affiliates, or its reinsurer(s) may also in certain circumstances release information collected by us to third parties without authorization from you. Upon written request, we will provide you with the information contained in your file. Medical information will be disclosed to you only through the medical professional you designate. Should you wish to request correction, amendment or deletion of any information in your file, which you believe inaccurate, please contact us and we will advise you of the necessary procedures.

## 9. Producer compensation

---

When you purchase insurance from us, we pay compensation to the licensed agent, who represents us for such limited purposes as taking your insurance application, collecting your initial premiums and delivering your policy, and to any intermediaries through which the licensed agent works. This compensation may include commissions when a policy is purchased or renewed, and fees for marketing and administrative services and educational opportunities. The compensation may vary by the type of insurance purchased, or the particular features included with your policy. Additionally, some licensed agents and/or their intermediaries may also receive discounts on their own policy premiums and bonuses, and incentive trips or prizes associated with sales contests based on sales criteria, such as the overall sales volume of an agent or intermediary with our companies, or for the percentage of completed sales. Intermediaries may also pay compensation directly to the licensed agent. If the licensed insurance agent can sell insurance policies from other insurance carriers, those carriers may pay compensation that differs from ours.
