## YOU NEED CHOICES

---

- Choose the plan that best meets your financial and coverage needs. Make the choice knowing the premium charged will not change during the first year of coverage, and with the confidence that your coverage is guaranteed renewable.
- Choose any physician or provider who accepts Medicare. Your choice is not restricted to a network participant, giving you the freedom to seek treatment where you want.

# MEDICARE SUPPLEMENT INSURANCE COVERAGE

Medicare coverage offers protection for the cost of many healthcare services and supplies for eligible participants. However, there are additional out-of-pocket costs including deductibles and co-pays not covered by Medicare for which participants are responsible.

Medicare Supplement Insurance policies, also referred to as “Medigap”, are health insurance policies underwritten by private insurers such as LifeShield which offer coverage for many of the additional costs associated with Medicare coverage.

Please remember that while Medicare Supplement Insurance offers supplemental coverage in conjunction with Medicare Parts A and B, it does not offer such coverage for Medicare Advantage, VA/Tricare benefits, or other group health insurance.

This chart shows the benefits included in each of the standard Medicare Supplement plans. Some plans may not be available. Only applicants first eligible for Medicare before 2020 may purchase Plan F.
