UNL HOME HEALTH CARE SHIELD

UNL INSIDE SCOOP

Home Health Care: Medicare Has Limited Coverage, It Is Common, and It Is Expensive

- Medicare, at most, **only covers up to 21 days**, fewer than 8 hours a day, and fewer than 7 days a week for home health care (with some exceptions in special circumstances).¹
- Almost **70% of people turning 65** will need long-term care at some point in their lives.²
- The median cost for home health care is almost **\$50,000 per year**.³

Many seniors may have a looming \$100,000 (or more) home health care burden based on the misconception that Medicare will offer full benefits in their time of need. However, the **UNL Home Health Care Shield** can help alleviate this concern for, in some cases, less than a dollar a day.

Why the Home Health Care Shield from UNL?

Because, like most Americans, you would rather recuperate at home.

Benefits can help your health insurance cover deductibles and co-payments.

Benefits are paid directly to you, regardless of any other insurance you may have.

To collect Short-Term Home Health Care benefits, a prior hospitalization stay is not required.

You can combine your Short-Term Home Health Care Benefits with coverage for hospital stays and accidents to enhance your coverage!

Included benefit for caregiver support services for loved ones provided by TCare.

..... Your Base Policy Contains Three Separate Benefit Parts

(1) Caregiver means a member of Your Immediate Family, or other person, who, on a day-to-day basis, provides at least one (1) hour of Covered Home Care directly to You in Your Home. A Caregiver does not include a person who qualifies as a Home Health Care Practitioner, as defined by the Short-Term Home Health Care Benefit Rider, if such rider is attached to Your Policy.

(2) The caregiver assessment means the process by which a Qualified Caregiver Support Provider, in cooperation with a Caregiver, develops a Tailored Caregiver Plan of Care that the Caregiver must comply with while performing Your Covered Home Care.

(3) Potential Tax Consequences for Benefits Paid to an informal Caregiver: Benefits paid to an informal Caregiver under an Assignment of Benefits may have potential tax consequences for such person. Prior to requesting Your benefits hereunder be paid to an informal Caregiver, such person should be advised of the potential for tax consequences and advised to consult with a personal tax advisor. Guarantee Trust Life Insurance Company or its agents do not provide legal, financial, or tax advice.
