- 3. You may be eligible for benefits under Medicaid and may not need a Medicare Supplement Insurance Policy.
- 4. If, after purchasing this policy, you become eligible for Medicaid, the benefits and premiums under your Medicare Supplement Insurance Policy can be suspended, if requested, during your entitlement to benefits under Medicaid for 24 months. If you suspend your Medicare supplement policy under these circumstances, and later lose your employer or union-based group health plan, your suspended Medicare supplement policy (or, if that is no longer available a substantially equivalent policy) will be reinstituted, if requested, within 90 days of losing your employer or union-based group health plan. I hereby authorize any licensed physician, medical practitioner, hospital, clinic, laboratory, pharmacy, pharmacy benefit manager or other medical facility, insurance or reinsurance company, MIB, Inc. (MIB), consumer reporting agency, Division of Motor Vehicles, the Veterans Administration or other medical or medically-related facility, insurance company or other organization, institution or person including Medicare, that has any records or knowledge of me or my health or having any non-medical information concerning me to give to ManhattanLife Insurance and Annuity Company, or its reinsurers, any such information. All information used or disclosed pursuant to authorization may be subject to redisclosure by the recipient and may no longer be protected. I understand that I am authorizing ManhattanLife Insurance and Annuity Company to receive my health information, prescription drug usage history and my non-medical information. These medical conditions will be confirmed by a telephone interview prior to being used in the underwriting process. The released information received by ManhattanLife Insurance and Annuity Company will remain protected by federal and/or state regulations as long as it is maintained by the health plan. Medical information will not be used to decline coverage if you are applying during an open enrollment or guaranteed issue period.

I understand that the information requested is necessary for the evaluation and the underwriting of my application for the Medicare Supplement Insurance Policy for which I have applied; to determine eligibility for insurance, risk rating or policy issue determinations; obtain reinsurance; administer claims and determine or fulfill responsibility for coverage and provision of benefits; and to conduct other legally permissible activities that relate to any coverage I have, or have applied for, with ManhattanLife Insurance and Annuity Company. I understand that telephone interviews may be a part of the application process and that any information obtained from such telephone interviews may be used to decline my application for coverage. I understand that failure to provide the authorization to ManhattanLife Insurance and Annuity Company will result in the rejection of the Medicare Supplement Insurance Policy coverage. I understand that I may revoke this authorization at any time by notifying ManhattanLife Insurance and Annuity Company in writing at their Medicare Supplement Administrative Office: P.O. A photocopy of this authorization will be treated in the same manner as the original.

To the best of my knowledge and belief, all of the answers to the questions contained in this application are true and complete and I understand and agree that: (a) the insurance shall not take effect unless and until the application has been accepted and approved by the Company, the full first premium has been paid, and the policy has been delivered to the applicant; and (b) oral statements between the agent and myself are not binding on the Company unless accepted by the Company in writing. The undersigned applicant certifies that the applicant has read, or had read to him/her, the completed application and that he/she realizes that any false statements or misrepresentations therein material to the risk may result in loss of coverage under the policy to which this application is a part.

Any person who, with intent to defraud or knowing that he is facilitating a fraud against an insurer, submits an application, or files a claim containing a false or deceptive statement, may be guilty of insurance fraud.

I acknowledge receiving: (a) an Outline of Coverage for the policy applied for, and (b) a "Wisconsin Guide to Heal Insurance for People with Medicare."
